

Polymold Products

QUALITY GOES IN. NAME GOES UP.

Geomembrane Hot Wedge Welding Machine LST900

Technical Information

Rated Voltage & Frequency	230V & 50/60HZ
Rated Power	1800W/1650W
Heating Temperature	50~450°C
Welding Speed	1.0-5m/min
Material Thickness Welded	1.0mm-3.0mm(single layer)
Seam Width	15mm*2,interior cavity 15mm
Weld Strength	85% material
Overlap Width	12cm
Digital Display	Temperature Display
Welding pressure	100-1000N
Body weight	13Kg
Warranty	1 Year
